

PIANOL ECO

Environmentally friendly release agent

Product description

PIANOL ECO is an environmentally friendly, easily biodegradable release agent. PIANOL ECO does not attack the concrete and, when applied properly, prevents staining of the exposed concrete surface. Particularly clean and uniform visible surfaces are achieved. The concrete does not suffer any discoloration.

Fields of application

PIANOL ECO is a release agent for the production of exposed concrete such as element ceilings, facades, stairs and precast elements.

Due to the small quantity required, pore- and stain-free exposed surfaces can be produced.

PIANOL ECO is suitable for use on wood, metal and plastic formwork.

Application instructions

Spray PIANOL ECO evenly and as thinly as possible onto the clean and dry formwork.

Special instructions

- Not harmful to health
- Odorless
- Environmentally friendly as it is biodegradable
- PIANOL ECO is thin and easy to spray
- PIANOL ECO is delivered ready for use.
- Heated formwork up to a maximum of + 70°C
- Non-flammable.
- Do not use on formwork outdoors!
- **Preliminary tests are mandatory**

Technical data:

Color	clear
Consistency	liquid
Density	0.82 g/cm ³
Consumption	15-50 g/m ²

Packaging

- 10 l canister
- 25 l drum
- 200 l drum
- 1.000 l IBC

Storage

In closed containers.
Cool, but frost-free.
Protect from strong sunlight.

Shelf life

12 months in closed original packaging.

Safety

See EC safety data sheet.

Environment

Chemicals must be observed. Wearing of protective gloves and goggles is recommended. Precautionary measures can be found in the EC safety data sheet.
