

# Wiping Care

## Multipurpose emulsion

### Product description

Our WIPING CARE is suitable for coating water-resistant and coatable floor coverings.

### Fields of application

On all water-resistant, closed coverings, e.g.

- PVC and linoleum,
- artificial stone and natural stone,
- unglazed clinker and clay tiles,
- cork,
- sealed parquet.

### Application advantages

Our WIPING CARE has a wide range of properties:

- glossy,
- anti-slip,
- good flow and filling power,
- resistant to mechanical influences,
- pleasant fragrance,
- can be used as wiping care,
- suitable for cleaning,
- suitable for polishing with high-speed machine

### Application notes

Prerequisite:

- thoroughly cleaned, neutralized, dry floor covering.
- floor covering is free of surfactants
- switch off heat sources (radiators, underfloor heating, etc.) before application
- always use cold water

Coating:

- two to three thin coats, each coat must be allowed to dry thoroughly

Cleaner:

- Dilute 1:1 with water

## Technical properties

- Milky, perfumed liquid
- pH value: 8.8 - 9

## Packaging

- 1 l bottle
- 10 l drum

## Wiping Care

- 100 ml to 10 l of cold water

## Storage

Protect from frost and direct sunlight.

## Shelf life

Shelf life in closed original packaging 12 months from date of manufacture. Close packaging tightly after use.

## Safety

See EC safety data sheet.

## Environment

Container can be emptied of residues and recycled or disposed of according to type.
